

20th July 2021

Jon Millin and Kate Murton
Shurdington CE Primary School
Cheltenham

Dear Jon and Kate

On behalf of all the members of SACRE, I wish to offer my congratulations on the success of Shurdington Church of England Primary School in attaining the Gloucestershire REaction Bronze Award. We are delighted to be able to enclose your certificate. You are part of the first cohort to receive this Award and we hope in time you will also feel able to apply for the Silver Award.

The application entries submitted by your school, and other schools in the county, have given members of SACRE an insight into some of the quality of work and effort pupils put into Religious Education in school, which is only possible due to the dedication of teaching staff. Please pass on our congratulations to your whole school community on this achievement.

We recognise that no two years in school are ever the same and each season brings new challenges, yet due to the pandemic, the past eighteen months have been unprecedented and to achieve this Award despite all that is happening makes this an even more significant achievement.

We hope the future will bring some calmer moments and wish you a very restful and restorative summer break.

With best wishes,

Matthew Morgan
Chair of Gloucestershire SACRE
