

Maths homework
Due in Friday 25TH September

This week in Maths we have been learning powers of 10, 10, 100, 1,000, 10,000, 100,000 more or less and partitioning numbers to 1,000,000.

- 1) How many tens are there in 100?
 How many tens are there in 200?
 How many tens are there in 210?
 How many tens are there in 740?

Correct the mistake in each number sequence.

- 2)

7,875

 ,

8,875

 ,

9,875

 ,

11,875

 ,

12,875

 ,

13,875

- | |
|---------|
| 864,664 |
|---------|

 ,

764,664

 ,

664,664

 ,

554,664

 ,

444,664

- 3) Complete the part-whole models for 85,700

Find three more ways of partitioning 85,700 into three parts.

- 4) Complete the number tracks.

663	673		693		713	
-----	-----	--	-----	--	-----	--

7,200		7,000			
-------	--	-------	--	--	--

7,200		6,800			
-------	--	-------	--	--	--
